Proficient Web App Developer with 4+ years of experience and knowledge in fullstack web application development.

### Work History

#### Software Engineer III

Dec 2021 - Present

GeekyAnts, Bangalore, Karnataka

- Created numerous components for a design system library using Angular and React.
- Developed responsive components that seamlessly adapt to a wide range of device breakpoints.
- Leveraged the power of Storybook, a widely recognised tool, to build and exhibit these components.
- Collaborated with design teams, using Figma to align designs with functional components.
- Used NX as a build system for monorepo support.

#### Project Engineer

Jun 2019 - Dec 2021

Wipro LTD, Bangalore, Karnataka

- Contributed significantly to the development of Angular web application, actively participating in the creation and enhancement of key features and functionality.
- Implemented NgRx effects, actions, reducers, and selectors for a scalable codebase.
- Enhanced UI with Angular Material components.
- Employed RxJS, lodash, and chart libraries for data-rich, engaging features.
- Worked on backend development using Node.js and Express, contributing to the creation of APIs to support the Angular web application.
- Managed project with Azure DevOps, deploying builds via Azure Pipelines.
- Actively participated in Agile and Scrum processes, including sprint planning and daily stand-ups.

### Education

#### BE: Computer Science

Jun 2015 - Jun 2019

East West Institute of Technology Bangalore

Scored 7.69 CGPA

### Key Skills
